- You should not purchase this product if you do not understand or are not comfortable with the risks of this product.

HSBC Life Emerald Legacy Life III

Product Type	Participating Whole Life Plan
Premium Term	Single Premium
Policy Term	Whole Life until the life assured is 99 years old
Name of Insurer	HSBC Life (Singapore) Pte. Ltd.
Policy Currency	US Dollars

WHAT ARE YOU PURCHASING?

This is a participating whole life plan which offers you insurance coverage and also invests part of your premiums in the insurer's Participating Fund. It comprises guaranteed and non-guaranteed benefits and may not be suitable for you if you want all benefits to be guaranteed.

WHAT ARE THE KEY RISKS OF A PARTICIPATING PLAN?

By purchasing a participating plan, your premiums will be pooled together and invested with premiums from other policyholders in the Participating Fund predominantly managed by HSBC Asset Management through its Singapore entity HSBC Global Asset Management (Singapore) Limited, HSBC Alternative Investments Limited and HSBC Asset Management (UK) Limited. As a policyholder, you will share in the risks of the Participating Fund, including:

Investment Risks	Lower than expected investment returns earned by the fund
Insurance Risks	Higher than expected claims made by policyholders (e.g. due to death, disability or other terminations)
Expense Risks	Higher than expected expenses incurred for managing the Participating Fund

These risks can affect the performance of the Participating Fund which in turn affects the bonuses or dividends paid to you. Such bonuses or dividends are not guaranteed until declared.

ARE THE PARTICIPATING FUND'S ILLUSTRATED INVESTMENT RATES OF RETURN GUARANTEED?

The Policy Illustration shows two Illustrated Investment Rates of Return (after deducting investment expenses) of 5.30% per annum (p.a.) and 3.75% p.a.

 Representative's Signature

Page 1 of 3

 Applicant's Signature

Date:

Date:

They are not guaranteed and do not represent the upper and lower limits on the investment performance of the Participating Fund. They also do not represent the expected or actual returns of your participating plan.

WHAT RETURNS CAN YOU EXPECT FROM THIS POLICY BASED ON THE ILLUSTRATED INVESTMENT RATES OF RETURN?

Based on the Illustrated Investment Rate of Return of 5.30% p.a., your total Illustrated Yield upon surrender at age 89 is 3.57% p.a.

Based on the Illustrated Investment Rate of Return of 3.75% p.a., your total Illustrated Yield upon surrender at age 89 is 1.79% p.a.

These returns are not guaranteed and do not represent the upper and lower limits of the returns you may receive.

Please note that the guaranteed surrender benefit of your policy may be less than the total premiums paid.

You can compare 3.57% and 1.79% Illustrated Yield upon surrender with the returns of Singapore Savings Bonds and Singapore Government Securities. You may refer to <https://www.mas.gov.sg/bonds-and-bills> for more information on the returns of Singapore Savings Bonds and Singapore Government Securities. Please note that the Illustrated Yield upon surrender have taken into account the cost of insurance and expenses incurred.

HOW HAS THE PARTICIPATING FUND PERFORMED OVER THE LAST FEW YEARS?

The historical investment rates of return (after deducting investment expenses) of the Participating Fund are shown below:

	2022	2023	2024	Averaged over the last 3 years	Averaged over the last 5 years	Averaged over the last 10 years
Investment Returns	-20.09%	9.12%	2.10%	-3.80%	-0.53%	NA

Please note that historical performance may not be indicative of future performance.

Changes in the economic and investment environment may affect the investment performance of the Participating Fund and the bonuses or dividends that you may receive.

HOW WILL EXPENSES INCURRED BY THE PARTICIPATING FUND AFFECT YOU?

The expenses incurred by the Participating Fund include investment, management, distribution, tax and other expenses. The Total Expense Ratio is the proportion of total expenses incurred by the Participating Fund to the assets of the Participating Fund. The level of expenses incurred may affect the bonuses or dividends you may receive.

Date:

WHAT IS THE TOTAL EXPENSE RATIO OF THE PARTICIPATING FUND OVER THE LAST FEW YEARS?

The historical expense ratios of the Participating Fund are shown below:

	2022	2023	2024	Averaged over the last 3 years	Averaged over the last 5 years	Averaged over the last 10 years
Total Expense Ratio	2.95%	2.38%	1.85%	2.37%	2.90%	3.81%

Please note that historical expense ratios may not be indicative of future expense ratios.

HOW MUCH WILL YOU NEED TO PAY FOR ADVICE?

The total distribution cost of this product is the amount that you will pay for advice and for other distribution related expenses. It includes cash payments in the form of commissions and benefits paid to the financial advisory firm and its representative(s) who have provided you with financial advice. This is not an additional cost to you as it has been included in the premiums payable for this plan.

The Total Distribution Cost for this plan is \$63,637 as shown in the Policy Illustration. This makes up 12.99% of the total premiums payable.

WHAT HAPPENS IF YOU SURRENDER YOUR POLICY EARLY?

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

OTHER IMPORTANT INFORMATION

After purchasing a life insurance policy, you have 14-day free-look period - starting from the day you receive your policy documents to review the documents carefully. During this time, if you choose to cancel your policy, the insurer will refund you the premiums you have paid, less any medical fees and other expenses, such as payments for medical check-ups and medical reports, incurred by the insurer.

compareFIRST is an online portal that enables you to easily compare the premiums and features of life insurance products available to the retail market in Singapore. compareFIRST empowers you to make informed decisions when purchasing life insurance products. You can access the portal at www.comparefirst.sg before making a life insurance purchase. You can also find out more about life insurance products at www.moneysense.gov.sg.

Introduction

HSBC Life (Singapore) Pte. Ltd. believes that it is important that you fully appreciate the benefits of your policy. You should also understand how the cost of your insurance cover and the expenses of administration and sales affect the benefits that you will receive.

The illustration that follows shows how the value of your policy progresses over time and the sum(s) that would be payable. The methods used to derive the values shown follow guidelines established by the Life Insurance Association, Singapore, to ensure that a fair and consistent approach is used in preparing this illustration.

Please note that your policy provides a combination of (1) guaranteed benefits and (2) non-guaranteed benefits in the form of bonuses / cash dividends. The bonus rates / dividend scales used in this illustration are not guaranteed and may vary according to the performance of the participating fund.

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

If you need clarification please do not hesitate to ask your financial adviser.

Notes:

This illustration assumes you are a standard life and are accepted on standard terms. This is not a contract of assurance. The precise benefits, terms and conditions will be provided in the policy contract.

The figures shown in the illustration and the actual value (premium and benefit amount) shown in the policy contract/schedule may differ due to rounding difference. In the event of inconsistency, the amount shown in the policy contract/schedule shall prevail.

We will deduct outstanding premium(s) and any amounts owing from the benefits payable.

Terms not otherwise defined in this document shall bear the meanings ascribed to them in the policy contract.

				Non-guaranteed (\$)	Total (\$)	Non-guaranteed (\$)	Total (\$)
49/98	489,886	0	758,000	927,102	1,685,102	2,788,891	3,546,891
50/99	489,886	0	758,000	958,425	1,716,425	2,886,451	3,644,451

Notes:

- *The figures under the Guaranteed column comprises of the Basic Sum Insured and Life Advantage Booster Sum Insured.
- HSBC Life Emerald Legacy Life III is a Single Premium participating whole life plan which covers the Life Insured up to Age 99, with an in-built supplementary benefit - Life Advantage Booster.

(A) HSBC Life Emerald Legacy Life III Basic Cover allows the policyholders to participate in the profits of the participating fund through non-guaranteed Bonuses (reversionary bonus and terminal bonus) that may be declared and allocated from time to time; and

(B) Life Advantage Booster is an in-built reducing non-participating supplementary benefit that enhances the Death Benefit coverage up to Age 99. It does not participate in the performance of the participating fund.
- Refer to the table below for the Total Death Benefit payable:

The Total Death Benefit payable is as follows:

During the Minimum Protection Period	After the Minimum Protection Period
Higher of: (a) the Minimum Protection Cover; or (b) the sum of: i. Basic Sum Insured; ii. Life Advantage Booster Sum Insured [#] ; and iii. Non-guaranteed bonuses less any amount due and owing to us	The sum of: i. Basic Sum Insured; ii. Life Advantage Booster Sum Insured [#] ; and iii. Non-guaranteed bonuses less any amount due and owing to us

If the total surrender value of the policy is higher than the Total Death Benefit, we will pay the total surrender value as the Death Benefit and the policy will terminate.

[#]Refer to the Policy Schedule, Schedule III – Schedule of Reducing Sum Insured of Life Advantage Booster.

What is the significance of the Illustrated Investment Rate of Return?

The illustrations have been prepared on two assumptions regarding the investment rate of return achieved by the investments of the participating fund. The two rates 5.30% p.a. and 3.75% p.a., are purely illustrative and do not represent upper and lower limits on the investment performance of the participating fund. The two rates shown are net of any investment expenses.

Changes in the economic and investment environment may affect the investment performance of the participating fund and the benefits that you may receive. Please note that investment performance is not the only factor that will affect the benefits that you will receive. Other factors such as the actual level of death claims, disability claims, expenses incurred and other terminations on the participating fund will also have a bearing on the benefits that you will receive.

As the bonus rates (or cash dividends) used for the benefits illustrated above are not guaranteed, the actual benefits payable may vary according to the future experience of the participating fund.

What is the Illustrated Yield upon Surrender?

The Illustrated Yields upon Surrender represent the annualised investment return you may receive upon the surrender of the policy at the age of 89, net of the cost of insurance and the expenses incurred, based on the Illustrated Investment Rates of Return of the Participating Fund at 5.30% and 3.75%.

The Illustrated Yields are not guaranteed and do not represent upper and lower limits on the yield you could receive on this participating policy.

As the bonus rates (or cash dividends) used for the benefits illustrated above are not guaranteed, the actual benefits payable may vary according to the future experience of the participating fund. Every year, you will be informed of the actual bonus rates or cash dividends (if any) of your participating policy for that year. You can refer to the Product Summary for more information on the illustrated bonus rates for this product. You can also refer to Your Guide to Participating Policies to find out how bonus is determined.

Please note that the guaranteed benefit you receive upon the surrender of the policy at the age of 89 may be less than the total premiums paid.

What is the impact of deductions on what you might get back?

The following table illustrates the effect that deductions will have on the amount you get back on surrender or maturity. It also highlights the cost of surrendering the policy early.

Table of deductions

End of Policy Year/Age	Total Premiums Paid To-date (\$)	DEDUCTIONS					
		Illustrated at 3.75% investment return			Illustrated at 5.30% investment return		
		Value of Premiums Paid To-date (\$)	Effect of Deductions To-date (\$)	Total Surrender Value (\$)	Value of Premiums Paid To-date (\$)	Effect of Deductions To-date (\$)	Total Surrender Value (\$)
1/50	489,886	508,257	106,486	401,771	515,850	114,056	401,794
2/51	489,886	527,316	125,454	401,862	543,190	141,233	401,957
3/52	489,886	547,091	144,838	402,253	571,979	169,285	402,694
4/53	489,886	567,607	165,060	402,547	602,294	198,938	403,356
5/54	489,886	588,892	185,385	403,507	634,215	228,748	405,467
6/55	489,886	610,975	206,818	404,157	667,829	260,738	407,091
7/56	489,886	633,887	227,900	405,987	703,224	291,733	411,491
8/57	489,886	657,658	250,491	407,167	740,495	325,894	414,601
9/58	489,886	682,320	272,089	410,231	779,741	357,346	422,395
10/59	489,886	707,907	289,422	418,485	821,067	377,649	443,418
15/64	489,886	850,974	372,368	478,606	1,062,969	505,181	557,788
20/69	489,886	1,022,956	471,455	551,501	1,376,139	662,208	713,931
25/74	489,886	1,229,695	586,871	642,824	1,781,575	855,104	926,471
30/79	489,886	1,478,216	746,924	731,292	2,306,460	1,114,290	1,192,170
35/84	489,886	1,776,963	931,490	845,473	2,985,986	1,449,061	1,536,925
40/89	489,886	2,136,087	1,140,342	995,745	3,865,712	1,871,186	1,994,526

What do the columns in the table of deductions mean?

1. "Value of Premiums Paid To-date" is obtained by accumulating the premiums paid to date at the Illustrated Investment Rate of Return, assuming that you were able to invest all of your premiums without deduction for the cost of insurance and without incurring any expenses.
2. The difference between the "Value of Premiums Paid To-date" and "Total Surrender Value" represents the "Effect of Deductions To-date". This is the accumulated value of the deductions for the cost of insurance, distribution cost, expenses, surrender charge, expected tax payments, and expected transfers to shareholders (for participating policies).

How much are you paying for distribution costs?

This table shows the total costs of distribution that HSBC Life (Singapore) Pte. Ltd. expects to incur in relation to your policy, including the cost of any financial advice provided to you.

Total Distribution Cost

End of Policy Year/Age	Total Premiums Paid To-date (\$)	Total Distribution Cost To-date (\$)
1/50	489,886	63,637
2/51	489,886	63,637
3/52	489,886	63,637
4/53	489,886	63,637
5/54	489,886	63,637
6/55	489,886	63,637
7/56	489,886	63,637
8/57	489,886	63,637
9/58	489,886	63,637
10/59	489,886	63,637
15/64	489,886	63,637
20/69	489,886	63,637
25/74	489,886	63,637
30/79	489,886	63,637
35/84	489,886	63,637
40/89	489,886	63,637

What does the last column represent?

1. The Total Distribution Cost To-date is the sum of each year's expected distribution-related costs, without interest. Such costs include cash payments in the form of commission, costs of benefits and services paid to the distribution channel.
2. Please note that the Total Distribution Cost is not an additional cost to you; it has already been allowed for in calculating your premium.
3. You can obtain the Total Distribution Cost of each of the supplementary benefits (if applicable) from your financial adviser or its representatives.

Details of Product Provider

HSBC Life (Singapore) Pte. Ltd. ("HSBC", "We", "Our", "Us") (Reg. No. 199903512M) is the product provider and underwriter for this product. This product is distributed through HSBC's representatives or appointed distributors only.

Important Notes

This document contains a summary of the main product features only. The content of this summary may vary from the terms of the Policy General Provisions finally issued to you. Please also refer to the Policy General Provisions for details on contractual provisions and definitions of terms used in this document. Terms not otherwise defined herein shall bear the meanings ascribed to them in the Policy General Provisions. Only terms in your Policy General Provisions are binding between us. A sample of the Policy General Provisions is available upon request. In this Product Summary, reference to "Age" means the Life Insured's age next birthday and the illustration is based on United States dollars.

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

Please refer to the Policy Illustration which illustrates the surrender value you may receive in different Policy Years if you intend to surrender your Policy.

We urge you to carefully examine the features of this plan, particularly the surrender provisions and your investment objectives/ expectations, with your financial advisor before deciding to invest.

If any information provided in the insurance application is inaccurate or incomplete, the Policy may become void from the start and we reserve the right to amend or revoke the Policy or adjust the Benefits at our sole and absolute discretion. If the Policy is void or revoked, we will refund the Premium(s) you paid without interest, less any medical and/or underwriting expenses incurred in accepting your application.

Nature and Objective of the Plan

- (i) **HSBC Life Emerald Legacy Life III** is a single premium whole of life participating plan that provides insurance benefits up to Age 99. This plan offers high protection coverage via the in-built reducing non-participating supplementary benefit, **Life Advantage Booster**. We will pay a maturity benefit when the Policy matures on the Expiry Date without any claims. The Expiry Date is the Policy Anniversary on which the Life Insured is Age 99.

This plan is available in United States dollars (USD).

The single premium for HSBC Life Emerald Legacy Life III is guaranteed.

The Basic Cover of HSBC Life Emerald Legacy Life III allows the policyholders to participate in the profits of the participating fund ("**Fund**") through non-guaranteed Bonuses (reversionary bonus and terminal bonus) that may be declared and allocated from time to time.

- (ii) This plan is suitable for those with protection or legacy needs.
- (iii) This plan is **not** suitable for those looking for pure insurance cover with no savings component.
- (iv) This plan is **not** suitable for those looking for a pure savings or retirement plan.

Insurance Benefits under the Plan

1. Death Benefit

If the Life Insured dies during the policy term, the Benefit payable by this plan is as follows:

During the Minimum Protection Period	After the Minimum Protection Period
We will pay the higher of: (i) the Minimum Protection Cover; or (ii) the sum of: (a) Basic Sum Insured; (b) Life Advantage Booster Sum Insured [#] ; and (c) non-guaranteed bonuses, after deducting all outstanding fees, charges and any other amounts owing to us.	We will pay the sum of: (i) Basic Sum Insured; (ii) Life Advantage Booster Sum Insured [#] and (iii) non-guaranteed bonuses, after deducting all outstanding fees, charges and any other amounts owing to us.

[#]Refer to the Policy Schedule, Schedule III – Schedule of Reducing Sum Insured of Life Advantage Booster.

The Policy terminates upon the full payment of the Death Benefit.

The Minimum Protection Cover is the amount of coverage selected by you prior to the Issue Date as shown in the Policy Illustration.

How the Life Advantage Booster and Minimum Protection Cover work:

- (1) The Life Advantage Booster is a reducing non-participating supplementary benefit that does not participate in the performance of the participating fund.
- (2) The Minimum Protection Cover is payable upon death or diagnosis of Terminal Illness of the Life Insured. The Life Advantage Booster Sum Insured is determined at the point of Application and is provided in return for the additional Premium you pay as stated in the relevant Policy Schedule(s) or any Endorsements (as the case may be) issued by us.
- (3) For the avoidance of doubt, where we make a payment based on the Minimum Protection Cover, such amount paid is inclusive of all Bonuses that we have declared (if any) as at the date of death or diagnosis of Terminal Illness, which means no Bonuses will be paid in addition to Minimum Protection Cover.

2. Terminal Illness (TI) Benefit

If the Life Insured is diagnosed with Terminal Illness when the Policy is in force and before the Expiry Date, we will pay the TI Benefit to you as an advancement of the Death Benefit.

The maximum TI Benefit payable is capped at an aggregate of SGD3 Million (or its equivalent in the Policy Currency per Life Insured. In the event the TI Benefit is greater than SGD 3 Million (or its equivalent in the Policy Currency), the difference between the TI Benefit and SGD 3 Million (or its equivalent in the Policy Currency) will be payable upon death of the Life Insured (the “**TI Benefit Limit**”).

Upon the payout of TI Benefit, this benefit terminates. In addition:

- (i) If the TI Benefit advances the Death Benefit in full, the Policy will terminate.
- (ii) If the Death Benefit is more than the TI Benefit, we will reduce the Basic Sum Insured, Life Advantage Booster Sum Insured and total non-guaranteed bonuses (if any) in proportion to the amount of Death Benefit that has been accelerated.

The TI Benefit is only payable once, and our obligation to pay this benefit will end:

- (a) after we have paid a claim for TI Benefit on the Life Insured;
 - (b) when we have paid the amount equivalent to the TI Benefit on the Life Insured; or
 - (c) when the Policy terminates,
- whichever is the earliest.

Definition

Terminal Illness means “any condition caused by illness or injury, where at the time of claim, despite all reasonable medical treatment, the Life Insured is expected to live for no more than 12 months.” The specialist medical practitioner treating the condition must provide supporting evidence of the condition, possible medical treatment, the prognosis after undergoing the possible medical treatment, and certify that the Life Insured is expected to live for no more than 12 months despite all possible medical intervention. We reserve the right to appoint an independent medical specialist who is an expert in the condition to confirm the diagnosis and prognosis. Terminal Illness in the presence of Human Immunodeficiency Virus (HIV) infection is excluded.

3. Life Extender Booster

If Minimum Protection Cover to Age 85 is selected, Life Extender Booster will be offered and the Minimum Protection Period will end on the Policy Anniversary falling immediately before the Life Insured turns 99 years old.

The Life Insured has the option to extend the Minimum Protection Period prior to the Issue Date, at every 5th Policy Anniversary or upon the occurrence of any Life Stage Event.

Life Stage Event shall mean any of the following:

- (i) When there is any change of marital status of the Life Insured, such as the Life Insured marries or divorces;
- (ii) When the Life Insured turns 21 years old;
- (iii) When the Life Insured has a new born baby;
- (iv) When the Life Insured adopts a child through legal means;
- (v) When the Life Insured purchases a property in Singapore;
- (vi) When the Life Insured's child enters primary, secondary, polytechnic or university; or
- (vii) When the Life Insured enters full-time employment after tertiary graduation.

This benefit can only be exercised or modified if there are no previously approved claims or current application for a claim on the Policy and before the Life Insured is Age 70.

The maximum coverage of this benefit will be capped at the amount of the original Minimum Protection Cover as at the Issue Date.

4. Surrender Value

Surrender Value begins from the 1st Policy Year. Please see the Policy Illustration for the amount of guaranteed and non-guaranteed Surrender Value you may require in each Policy Year. The guaranteed Surrender Value will be paid out regardless of the Fund performance.

Please note that the Day 1 Guaranteed Surrender Value is the same as the Policy Year 1 Guaranteed Surrender Value as shown in the Policy Illustration.

5. Maturity Benefit

If the Policy matures on the Expiry Date without any claims, the Maturity Benefit payable to you in one lump sum is as follows:

- (i) Guaranteed Surrender Value; and
 - (ii) Non-guaranteed bonuses (if any),
- after deducting all outstanding fees, charges and any other amounts owing to us.

The Policy terminates upon the full payment of the Maturity Benefit.

6. Change of Life Insured

Where the Policyowner is a corporation and the Life Insured ceases to be employed or otherwise engaged by the Policyowner or any associated corporation or connected business entity, you must notify us immediately and request to change the Life Insured under the Policy.

Where the Policyowner is not a corporation, you may request to change the Life Insured under the Policy to another Life Insured. Subject to our acceptance of such request, you may make one change during the Policy Term.

You may request to change the Life Insured anytime throughout the Policy Term as long as such replacement occurs no earlier than 2 years after the Issue Date.

Our acceptance of any replacement of Life Insured is at our sole and absolute discretion and such replacement is allowed only if:

- (i) you show satisfactory proof that you or the business organization or corporation (as the case may be) has insurable interest on the new Life Insured and you fulfill such other terms and conditions as we shall determine from time to time; and
- (ii) The new Life Insured meets our prevailing underwriting requirements.

You cannot change the Life Insured if we have paid a claim for Terminal Illness previously under the Policy.

Once the change in Life Insured becomes effective:

- (a) you will receive a revised Policy Schedule with the new Life Insured's particulars and revised expiry dates; and
- (b) the cover for the original Life Insured ends and the cover for the new Life Insured starts on the new Issue Date as shown in the revised Policy Schedule. For the avoidance of doubt, all rights in connection with the original Life Insured will be terminated with immediate effect.

To request to change the Life Insured, you must use the prescribed application from(s) and meet the requisite conditions. In accepting the new Life Insured, we reserve the rights to adjust the Sum Insured, Minimum Protection Cover and/or impose an additional charge depending on factors such as age and health status of the new Life Insured. The additional charge (if applicable), does not affect the surrender value of the Policy.

If it is not possible to substitute the Life Insured under the Policy due to any applicable law or regulation or other practical constraints, then, subject to our acceptance of the new Life Insured, we may issue a new Policy to you on the Life of the substitute Life Insured and all benefits, privileges and values under the Policy will be terminated. For avoidance of doubt, the terms of the new policy may not be identical to the terms of the Policy.

We reserve the right to reject any request to change of Life Insured. Where the Policyowner is a corporation and we have rejected the request, we will terminate the Policy and return the Cash Value if the Life Insured ceases to be so employed or otherwise engaged by that corporation.

7. Quit Smoking Incentive

We will refund 5% of the Premium to the Policyowner (or to the assignee if the Policy has been assigned) provided that the following conditions are fulfilled:

- (i) the Life Insured is underwritten as "smoker" status from the Issue Date;
- (ii) the claim for this benefit is submitted no earlier than 12 months from the Issue Date;
- (iii) the Life Insured must, at his or her own expense, provide us with a negative urine nicotine test conducted by our appointed Doctor;
- (iv) the Life Insured must submit the prescribed form, declaring that he or she has stopped smoking for at least 12 consecutive months prior to the date of submission of the completed form and such form must be submitted to us no later than the 4th Policy Anniversary; and
- (v) we have notified you that your application has been approved by us.

This benefit can only be claimed once.

8. Bonuses

You may receive the following additional bonuses under the Policy consisting of i) Reversionary bonus, and/or ii) Terminal bonus.

The

- (a) Reversionary bonus rates;
- (b) Compounding rates for reversionary bonus(es) declared and allocated; and
- (c) Terminal bonus rates,

are not guaranteed and is solely decided by us upon approval of our board of directors, after taking into account the written recommendation by our appointed actuary.

(1) Reversionary Bonus

The Basic Cover participate in the profits of the Fund through non-guaranteed reversionary bonuses which may be declared annually starting from the end of Policy Year 1. Reversionary bonus may be paid on both the Sum Insured of the Basic Cover and the accumulated reversionary bonus(es) already declared and allocated.

Assuming an illustrated investment return of 5.30% p.a. on the Fund, the illustrative reversionary bonus rate payable on the basic cover is \$4 per \$1,000 of basic cover and the illustrative reversionary bonus rate payable on reversionary bonus already declared and allocated is 0.4% p.a.

Assuming an illustrated investment return of 3.75% p.a. on the Fund, the illustrative reversionary bonus rate payable on the basic cover is \$4 per \$1,000 of basic cover and the illustrative reversionary bonus rate payable on reversionary bonus already declared and allocated is 0.4% p.a.

Once declared and allocated, reversionary bonus forms part of the guaranteed benefits under the Policy regardless of the performance of the Fund. The full value of the declared reversionary bonus will be payable upon death of the Life Insured or maturity of the Policy along with the guaranteed benefits.

(2) Terminal Bonus

In addition to the reversionary bonus, we may pay a terminal bonus from the end of the 1st Policy Year. The rate of terminal bonus is based on a percentage of the reversionary bonus(es) accumulated under the Policy and varies at different Policy Anniversaries. **Table 1** illustrates the terminal bonus payout based on the illustrated investment returns for Policy Currency in USD:

Table 1 Terminal Bonus

Death & Surrender

Payout Year	Percentage of Reversionary Bonus(es) accumulated (Death & Surrender)	
	MPC to age 85

The projected reversionary and terminal bonuses can be found in the Policy Illustration. The actual reversionary and terminal bonuses declared may be different from the amounts shown in the Policy Illustration.

Please also take note that past performance is not necessarily indicative of future performance and that future reversionary and terminal bonuses not yet declared and allocated are not guaranteed.

Investment of Assets

1. Investment Objectives and Strategy

The investment objectives of the Fund are:

- i) To achieve an investment return sufficient to meet the guaranteed benefits as they fall due; and
- ii) To provide for smoothed returns to the policyowners in the medium to long term.

The investment mandate is to allocate a substantial portion of the investments into fixed income assets like government and corporate bonds and a smaller percentage into growth assets like equities and private equities.

2. Investment Mix

The Target Mix for the year 2025 and the Actual Mix of the participating fund as at 31 Dec 2024 are as follows:

Table 2: Investment Mix	HSBC Par Fund (USD)	
Asset Mix	Target Mix	Actual Mix
Growth Assets (Equities / Private Equities)	35%	35%
Bonds & Alternative Credit Strategies	65%	65%
Cash & Others	0%	0%

3. Fund Managers

The assets of the Fund are predominantly managed by HSBC Asset Management through its Singapore entity HSBC Global Asset Management (Singapore) Limited. Other specialized strategies are managed by HSBC Alternative Investments Limited and HSBC Asset Management (UK) Limited. The details of the fund managers can be found below:

HSBC Global Asset Management (Singapore) Limited

10 Marina Boulevard Marina Bay Financial Centre Tower 2 Level 48 Singapore 018983

HSBC Alternative Investments Limited (HAIL)

8 Canada Square, Canary Wharf, London, E14 5HQ

HSBC Asset Management (UK) Limited (AMEU)

8 Canada Square, Canary Wharf, London, E14 5HQ

Total Expense Ratio

The Total Expense Ratio is the proportion of total expenses incurred by the Fund to the assets of the Fund. These expenses include costs such as investment, management, distribution, taxation and other expenses.

An expected level of expenses to be incurred by the Fund has been allowed for in the premiums payable for your Policy and is not an additional cost to you. If the actual level of expenses vary significantly from the expected level of expenses, it may affect the non-guaranteed benefits you may receive.

For HSBC Par Fund (USD), the past Total Expense Ratios are shown in Table 3 below.

Table 3: Total Expense Ratio	
Financial Year	Total Expense Ratio ¹
2022	2.95%
2023	2.38%
2024	1.85%
Average of last 3 years	2.37%
Average of last 5 years	2.90%
Average of last 10 years	3.81%

¹ The Total Expense Ratios are computed at the total participating fund level and are inclusive of HSBC Par Fund (USD), HSBC Par Fund I (SGD) and HSBC Par Fund II (SGD). Please note that past expense ratios may not be indicative of actual expenses that may be incurred in the future.

Investment Rate of Return

For HSBC Par Fund (USD), the past investment rates of return (after deducting investment expenses only) are shown in Table 4 below.

Table 4: Investment Rate of Return	
Financial Year	Investment Rate of Return ²
2022	-20.09%
2023	9.12%
2024	2.10%
Average of last 3 years	-3.80%
Average of last 5 years	-0.53%
Average of last 10 years	N/A

² HSBC's financial year is the 12 months period from 01 January to 31 December. Please note that past performance may not be indicative of future performance. Changes in the economic and investment environment may affect the investment performance of the Fund and the bonuses or dividends that you may receive.

Type of Risks Affecting the Level of Bonuses

The Fund is exposed to the following risks which affects performance:

(1) Financial Risk	Risks arising from transactions in financial instruments held by the Fund including market risk, credit risk, reinsurance counterparty risk.
(2) Insurance Risk	Includes mortality, morbidity, expense, lapse and surrender risks.

We would determine the level of bonuses taking into account the current performance as well as future outlook for the Fund.

Sharing of Risks

The value of assets backing participating products is determined by the asset share methodology. The asset share represents the assets that 'belong' to, or have been generated by, each Policyowner or class of Policyowners. It is like a 'bank account' where all associated cash flows of a participating Policy have been placed.

Risk is shared between policies participating in the Fund on the basis of fairness and equity to all Policyowners. Where any risk is closely associated with a specific generation of policies, the policies may have to bear the risks. The extent of risk sharing for the key risks is as follows:

1. Investment Risks

Investment risks are aggregated at Fund level. However, different assets are notionally matched against regular premium policies compared with single premium policies, since they exhibit distinct features especially with regard to duration.

2. Expense Risks

Expenses that are apportioned to the Fund are shared at a Policy level based on the expected valuation expenses. Any expense overruns/underruns are then shared in proportion to the valuation expense assumptions attributed to each Policy.

3. Mortality, Dread Disease and other Morbidity Risks

Mortality, dread disease and other morbidity risks are shared at product level, and risk is spread over different generations of Policyowners. This is done by adjusting the mortality/morbidity projections used for bonus determination each year based on the experience of the product/Fund. Any variance experienced around this projection is shared at the Fund level.

4. Lapse and Surrender Risks

Lapse and surrender profits/losses are shared at Fund level and spread across product classes.

Smoothing of Bonuses

We aim to provide stable returns over the life of your participating policy by adopting a concept known as “smoothing” which is a common industry practice. When considering suitable bonus rates (both reversionary and terminal bonuses), we will try to avoid large year-on-year changes by considering average performance over a period longer than one year so as to minimize the effect of short-term fluctuations in asset values. For example, if the Fund performance is particularly good in one year, we may hold back a portion of the earnings so that we can maintain bonuses in years when the Fund does not perform so well. It is intended that over the long term, the net impact of smoothing is neutral and there will be no impact on guaranteed benefits as a result of smoothing.

Past Bonuses

The table below shows the reversionary bonus rate payable on the Basic Cover and the reversionary bonus already declared for 2023 and 2024.

The reversionary bonus declared is as follows:

Financial Year	Basic Cover	Reversionary Bonus already declared
2023	\$4 per \$1,000	0.4%
2024	\$4 per \$1,000	0.4%

The terminal bonus rates for the past 3 years (or shorter if the plan was launched later) are consistent with the terminal bonus rates illustrated at the investment rate of return of 5.30% p.a. stated in **Table 1** above.

HSBC's financial year is the 12-month period between 01 January and 31 December. There are no historical reversionary bonus and terminal bonus prior to 2023 as this product was launched in November 2022.

Please also take note that past performance is not necessarily indicative of future performance and that future reversionary and terminal bonuses not yet declared and allocated are not guaranteed.

Fees and charges

1. Expenses incurred and allocated to the Fund include:

- (i) Management Expenses (e.g. rental, utilities, salaries etc.),
- (ii) Distribution Expenses (e.g. commissions, agency/distribution related expenses); and
- (iii) Investment Expenses (e.g. investment management fees payable to fund managers).

These fees and charges have been included in the calculation of the premium and will **not** be separately charged to you.

2. Insurance Charges

Upon the expiry of the Minimum Protection Period, you will need to pay the insurance charges (“**Insurance Charges**”) when:

- (i) the Life Extender Booster is selected; and
- (ii) the Basic Sum Insured and Life Advantage Booster Sum Insured plus declared bonuses is below the value of the prevailing Minimum Protection Cover (“**Sum At Risk**”).

You can choose to pay the Insurance Charge by cash or apply for Policy Loan.

- (a) If payment is via cash, the Life Extender Booster will lapse if no premiums are received at the end of the Grace Period; or
- (b) If payment is by Policy Loan, the Policy's Cash Value will be deducted and in the event of insufficient Policy Cash Value to sustain the premiums, the Policy will be terminated.

The Insurance Charges will be yearly rates based on the prevailing Age. If there is extra health loading applied to the Life Insured at the Issue Date or Commencement Date, the same extra health loading shall continue to apply.

The rates for Insurance Charges are guaranteed and set out in **Appendix A**.

Conflict of Interests

There is no conflict of interests in relation to the Fund and its management.

Related Party Transactions

All transactions between HSBC and HSBC-related parties are evaluated and approved by an internal committee to ensure that the services are conducted at arm's length. These services include fund management and custodian services and the transactions are not expected to have a significant impact on the Fund.

Exclusions

There are certain conditions under which no benefits will be payable. These conditions are stated in the Policy General Provisions.

No Benefits will be paid under this Policy if the:

- (i) Life Insured commits suicide within one year from the Issue Date, Commencement Date or the last Reinstatement Date (if any), whichever is the latest, the Policy becomes void from the Issue Date, Commencement Date or the last Reinstatement Date (as the case may be) and we will cancel it.; or
- (ii) If the replacement Life Insured commits suicide within one year from the new Issue Date of the last Reinstatement Date (if any), whichever is the latest, the Policy becomes void from the new Issue Date or the last Reinstatement Date (as the case may be) and we will cancel it.; or
- (iii) Acquired Immunodeficiency Syndrome (AIDS) or infection by any Human Immunodeficiency Virus (HIV) infection was found under the diagnosis of Terminal Illness.

You are advised to read the Policy General Provisions for the full list of terms and conditions.

Collateral Assignment

You may assign the Policy as collateral for credit facilities without the consent of any revocable Beneficiary. A request for assignment will not be effective until it is accepted by us. We will not be responsible for the consequences, validity or effect of any attempted assignment.

We will record the notice of assignment but we will not be responsible for the validity of the assignment.

Termination

The Policy will terminate upon the occurrence of the earliest of the following:

- (i) the full payment of Death Benefit;
- (ii) the full surrender of the Policy;
- (iii) the full payment of Maturity Benefit on the Expiry Date;
- (iv) when the Benefits are payable in full, unless otherwise stated. This includes any payment triggered by supplementary benefits (if any);
- (v) when a claim under any supplementary benefits attached to the Policy, which accelerates the Death Benefit in full, is admitted;
- (vi) the Policy being rendered void;
- (vii) any other events which results in termination set out in the Policy; or
- (viii) the cancellation of the Policy during the Free-Look Period or at any other time.

Claims

To make a claim under Your Policy, please visit www.hsbclife.com.sg for the claim procedures or contact Your financial adviser.

Free-Look Period

After purchasing a life insurance policy, you have a 14-day free-look period – starting from the date you receive your Policy documents to review the documents carefully. During this time, if you choose to cancel your Policy, the insurer will refund you the premiums you have paid, less any medical fees and other expenses, such as payments for medical check-ups and medical reports, incurred by the insurer. The 14-day free look period starts from the date you receive the Policy. If the Policy is delivered by post, it is considered received 7 days after the date of posting.

Keeping Track of Your Policy

(i) Year End Statement

You will receive annual Policy statement as at 31st December at the beginning of each calendar year.

(ii) Annual Bonus Update

An Annual Bonus Update will be sent to you by June of each calendar year to update you on i) the performance of the Fund your Policy has participated in over the previous accounting period; and ii) the bonuses allocated to your Policy for the year.

The update will also highlight the future outlook of the Fund your Policy has participated in based on the latest actuarial investigation as well as any anticipated changes in future bonuses.

(iii) Guide to Participating Policies

The industry guide on participating policies is available on the Life Insurance Association, Singapore (LIA) web-site (www.lia.org.sg) as well as hardcopies from our authorized distributors on request.

(iv) Other Important Notes

- We may review and supplement or amend certain clauses of your Policy if it is reasonably necessary to give effect to:
 - (i) applicable laws, rules, regulations; or
 - (ii) a change, recommendation, order, requirement, notice, direction, code, circular or guidance issued by any regulatory, supervisory, governmental, statutory authority, industry association, self-regulatory, or resolution body having jurisdiction over Us or a court of competent jurisdiction.

To the extent reasonably practicable, We will provide you at least 30 days' advance notice in writing before such change takes effect, unless otherwise stated.

If you do not agree with a change, you may, to the extent applicable:

- (a) terminate the Policy; or
 - (b) change the coverage of your Policy.
- This Policy is protected under the Policy Owner's Protection Scheme which is administrated by the Singapore Deposit Insurance Corporation (SDIC). Coverage for your Policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact HSBC Life or visit the LIA or SDIC web-sites (www.lia.org.sg or www.sdic.org.sg).

Notice to Client

Buying an insurance plan that is not suitable for you may impact your ability to provide an appropriate solution for your needs. Before buying any insurance plan(s), you can seek advice from our financial adviser and consider whether the plan is suitable for you. Terms not otherwise defined in this acknowledgement page shall bear the meanings ascribed to them in the Product Summary.

Acknowledgement by Client

I have decided to buy the following insurance plan:

->HSBC Life Emerald Legacy Life III

The following rider(s) are attached with this plan:

->N.A.

I understand that:

- This policy is intended to meet my long-term protection needs and it is not for the objective of achieving potential investment upside;
- This is a single premium policy and an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid;
- I believe that my coverage would have reduced after Minimum Protection Period, i.e. age next birthday 85, unless I choose the Life Extender Booster, and thereby accept that the death benefit will be reduced from this point; and
- This product does not suit my needs if I am looking for a protection cover with high policy returns.

My financial adviser has explained the values/ key benefits/ information in the following documents to my satisfaction, and I have read all the pages of the following documents and understood the nature, purpose and benefits of the plan:

1. Cover Page and Policy Illustration

2. Product Summary

My financial adviser has explained to me the following:

- Nature and objective of product and how it is suited for my specific needs,
- Features and Benefits of the product and rider (if applicable),
- Premium payment term acceptable by me,
- Risks associated with the product,
- 14-day free-look period,
- Contractual rights, warnings, waiting period, exclusions and disclaimers.

3. Personal Financial Review - a completed copy signed by me

4. Life Insurance Association (LIA) Consumer Disclosure Guides

I have been informed and directed to view or download the following LIA consumer disclosure guides from www.hsbclife.com.sg or www.lia.org.sg:

(a) Your Guide to Life Insurance

(b) Your Guide to Health Insurance (if applicable)

Where I have requested to be given a hardcopy of the above documents, these have been provided to me.
