

This Cover Page is an important document.

- It highlights the key features and risks of this product and should be read together with the Policy Illustration, Product Summary and Bundled Product Disclosure Document, where it applies.
- It is important to read the Policy Illustration, Product Summary and Bundled Product Disclosure Document, where it applies, before deciding whether to purchase this product. If you do not have a copy of these documents, please contact us at 1800 333 0333 or a representative of either Prudential Singapore or a distributor duly appointed by Prudential Singapore to ask for them.
- You should not purchase this product if you do not understand or are not comfortable with the risks of this product.

PRULife Vantage Achiever Prime II (USD)

Product Type	Participating Whole Life Plan
Premium Payment Term	Single Premium
Policy Term	Whole Life
Name of Insurer	Prudential Assurance Company Singapore (Pte) Limited
Policy Currency	US Dollars

WHAT ARE YOU PURCHASING?

This is a participating whole life plan which offers you insurance cover and also invests part of your premiums in the insurer's Participating Fund. It comprises guaranteed and non-guaranteed benefits and may not be suitable for you if you want all benefits to be guaranteed.

WHAT ARE THE KEY RISKS OF A PARTICIPATING PLAN?

By purchasing a participating plan, your premiums will be pooled together and invested with premiums from other policyholders in the Participating Fund managed by Prudential Assurance Company Singapore (Pte) Limited. As a policyholder, you will share in the risks of the Participating Fund, including:

Investment Risks	Lower than expected investment returns earned by the fund
Insurance Risks	Higher than expected claims made by policyholders (e.g. due to death, disability or other terminations)
Expense Risks	Higher than expected expenses paid for managing the Participating Fund

These risks can affect the performance of the Participating Fund which in turn affects the bonuses or dividends paid to you. Such bonuses or dividends are not guaranteed until declared.

ARE THE PARTICIPATING FUND'S ILLUSTRATED INVESTMENT RATES OF RETURN GUARANTEED?

The Policy Illustration shows two Illustrated Investment Rates of Return (after taking off investment expenses) of 4.75% per annum (p.a.) and 3.25% p.a.

They are not guaranteed and do not represent the upper and lower limits on the investment performance of the Participating Fund. They also do not represent the expected or actual returns of your participating plan.

Financial Consultant's Signature

Proposer's Signature

**WHAT RETURNS CAN YOU EXPECT FROM THIS POLICY BASED ON THE ILLUSTRATED INVESTMENT RATES OF RETURN?**

Based on the Illustrated Investment Rate of Return of 4.75% p.a., your total Illustrated Yield upon surrender at age 71 is 2.94% p.a.

Based on the Illustrated Investment Rate of Return of 3.25% p.a., your total Illustrated Yield upon surrender at age 71 is 1.10% p.a.

These returns are not guaranteed and do not represent the upper and lower limits of the returns you may receive.

Please note that the guaranteed surrender value of your policy may be less than the total premiums paid.

You can compare 2.94% p.a. and 1.10% p.a. Illustrated Yields upon surrender with the returns of Singapore Savings Bonds and Singapore Government Securities. You may refer to <https://www.mas.gov.sg/bonds-and-bills> for more information on the returns of Singapore Savings Bonds and Singapore Government Securities. Please note that the Illustrated Yields upon surrender have taken into account the cost of insurance and expenses paid.

HOW HAS THE PARTICIPATING FUND PERFORMED OVER THE LAST FEW YEARS?

Prudential Singapore's Participating Fund consists of both single and regular premium policies segregated into a few sub-funds. Each sub-fund's investments are managed separately to match its liability characteristics. This product is written in the Par Single Premium Long Term USD Sub-Fund ("SPLTUF").

The SPLTUF was created in 2015 and the historical investment rates of return (after taking off investment expenses) of this fund are shown below:

	2022	2023	2024	Average of last 3 years	Average of last 5 years	Average of last 10 years
Investment Returns	-18.24%	7.62%	0.66%	-3.96%	-0.54%	2.42%

Please note that historical performance may not be indicative of future performance.

Changes in the economic and investment environment may affect the investment performance of the SPLTUF and the bonuses or dividends that you may receive.

HOW WILL EXPENSES PAID BY THE PARTICIPATING FUND AFFECT YOU?

The expenses paid by the Participating Fund include investment, management, distribution, tax and other expenses. The Total Expense Ratio is the proportion of total expenses paid by the Participating Fund to the assets of the Participating Fund. The level of expenses paid may affect the bonuses or dividends you may receive.

Financial Consultant's Signature

Proposer's Signature

WHAT IS THE TOTAL EXPENSE RATIO OF THE PARTICIPATING FUND OVER THE LAST FEW YEARS?

The historical expense ratios of the Participating Fund are shown below:

	2022	2023	2024	Average of last 3 years	Average of last 5 years	Average of last 10 years
Total Expense Ratio	2.65%	2.03%	1.64%	2.08%	2.27%	2.53%

Please note that historical expense ratios may not be indicative of future expense ratios.

HOW MUCH WILL YOU NEED TO PAY FOR ADVICE?

The total distribution cost of this product is the amount that you will pay for advice and for other distribution related expenses. It includes cash payments in the form of commissions and benefits paid to the distribution channel and its representative(s) who have provided you with financial advice. This is not an additional cost to you as it has been included in the premiums payable for this plan.

The Total Distribution Cost for this plan is US\$87,259 as shown in the Policy Illustration. This makes up 13.5% of the total premiums payable.

WHAT HAPPENS IF YOU SURRENDER YOUR POLICY EARLY?

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

OTHER IMPORTANT INFORMATION

After purchasing a life insurance policy, you have a 14-day free-look period - starting from the day you receive your policy documents to review the documents carefully. During this time, if you choose to cancel your policy, Prudential Singapore will refund you the premiums you have paid, less any medical fees and other expenses, such as payments for medical check-ups and medical reports, paid by Prudential Singapore.

compareFIRST is an online portal that enables you to easily compare the premiums and features of life insurance products available to the retail market in Singapore. compareFIRST empowers you to make informed decisions when purchasing life insurance products. You can access the portal at www.comparefirst.sg before making a life insurance purchase. You can also find out more about life insurance products at www.moneysense.gov.sg.

Introduction

Prudential Singapore believes that it is important that you fully appreciate the benefits of your policy. You should also understand how the cost of your insurance cover and the expenses of administration and sales affect the benefits that you will receive.

The illustration that follows shows how the value of your policy progresses over time and the sum(s) that would be payable. The methods used to derive the values shown follow guidelines established by the Life Insurance Association, Singapore, to ensure that a fair and consistent approach is used in preparing this illustration.

Please note that your policy provides a combination of (1) guaranteed benefits and (2) non-guaranteed benefits in the form of bonuses / cash dividends. The bonus rates / dividend scales used in this illustration are not guaranteed and may vary according to the performance of the Participating Fund.

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

If you need clarification, please do not hesitate to ask your representative of either Prudential Singapore or a distributor duly appointed by Prudential Singapore.

PRULife Vantage Achiever Prime II (USD)

Specially prepared for : **Client**
Age next birthday : **31 Male / Non Smoker**
Occupation : **Director (admin only) (Class 1)**
Country of Residence: **Singapore (Region A)**
Life Status: **Standard**

	Sum Assured (US\$)	Premium Term (Years)	Policy Term (Years)	Single Premium (US\$)
PRULife Vantage Achiever Prime II (USD)	1,492,538	1	Whole Life	647,276.34

Total Single Premium: **US\$647,276.34**

Important Note:

1. PRULife Vantage Achiever Prime II (USD) provides financial protection against death and Terminal Illness.

The Multiplier Benefit for death and for Accelerated Terminal Illness is available before the life assured attains age 85 years. The benefit payable is the higher of the sum assured plus any attaching bonuses or the Multiplier Benefit, less any amounts owing to us. Thereafter, the benefit payable is the sum assured plus any attaching bonuses, less any amounts owing to us;

Multiplier Benefit for Death Benefit: US\$5,000,000

Multiplier Benefit for Accelerated Terminal Illness Benefit: US\$5,000,000

2. The sum assured above may be reduced at the issuance stage due to issuance limits imposed on a per life basis and/or underwriting assessment at the discretion of Prudential Assurance Company Singapore (Pte) Limited ("Prudential Singapore").
3. The illustrated values are calculated based on several factors including age, sex, country of residence and the underwriting class or rating shown in the policy illustration. If a different rating is assigned during the underwriting process, it will affect the actual values and benefits.

Life insurance is a contract of utmost good faith and you are required to disclose in the proposal form fully and faithfully all the facts which you know or ought to know, as otherwise the policy issued may be void.

What is the significance of the Illustrated Investment Rate of Return?

The illustrations have been prepared on two assumptions regarding the investment rate of return achieved by the investments of the Participating Fund. The two rates 4.75% p.a. and 3.25% p.a., are purely illustrative and do not represent upper and lower limits on the investment performance of the Participating Fund. The two rates shown are net of any investment expenses.

Changes in the economic and investment environment may affect the investment performance of the Participating Fund and the benefits that you may receive. Please note that investment performance is not the only factor that will affect the benefits that you will receive. Other factors such as the actual level of death claims, disability claims, terminal illness claims or critical illness claims (if it applies), expenses incurred and other terminations on the Participating Fund will also have a bearing on the benefits that you will receive.

As the bonus rates (or cash dividends) used for the benefits illustrated above are not guaranteed, the actual benefits payable may vary according to the future experience of the Participating Fund.

What is the Illustrated Yield upon Surrender?

The Illustrated Yields upon Surrender represent the annualised investment return you may receive upon the surrender of the policy at the age of 71, net of the cost of insurance and the expenses incurred, based on the Illustrated Investment Rates of Return of the Participating Fund at 4.75% p.a. and 3.25% p.a.

The Illustrated Yields are not guaranteed and do not represent upper and lower limits on the yield you could receive on this Participating policy.

As the bonus rates (or cash dividends) used for the benefits illustrated above are not guaranteed, the actual benefits payable may vary according to the future experience of the Participating Fund. Every year, you will be informed of the actual bonus rates or cash dividends (if any) of your Participating policy for that year. You can refer to the Product Summary for more information on the illustrated bonus rates for this product. You can also refer to Your Guide to Participating Policies to find out how bonus is determined.

Please note that the guaranteed benefit you receive upon the surrender of the policy at the age of 71 may be less than the total premiums paid.

What is the impact of deductions on what you might get back?

The following table illustrates the effect that deductions will have on the amount you get back on surrender or maturity. It also highlights the cost of surrendering the policy early.

Return, assuming that you were able to invest all of your premiums without deduction for the cost of insurance and without incurring any expenses.

2. The difference between the "Value of Premiums Paid To-date" and "Total Surrender Value" represents the "Effect of Deductions To-date". This is the accumulated value of the deductions for the cost of insurance, distribution cost, expenses, surrender charge, expected tax payments, and expected transfers to shareholders (for participating policies).

How much are you paying for the distribution cost?

This table shows the total costs of distribution that Prudential Singapore expects to incur in relation to your policy, including the cost of any financial advice provided to you.

TOTAL DISTRIBUTION COST		
End of Policy Year/Age	Total Premiums Paid To-date (US\$)	Total Distribution Cost To-date (US\$)
1/32	647,276	87,259
2/33	647,276	87,259
3/34	647,276	87,259
4/35	647,276	87,259
5/36	647,276	87,259
6/37	647,276	87,259
7/38	647,276	87,259
8/39	647,276	87,259
9/40	647,276	87,259
10/41	647,276	87,259
15/46	647,276	87,259
20/51	647,276	87,259
25/56	647,276	87,259
30/61	647,276	87,259
34/65	647,276	87,259
35/66	647,276	87,259
40/71	647,276	87,259
45/76	647,276	87,259
50/81	647,276	87,259
55/86	647,276	87,259
60/91	647,276	87,259
65/96	647,276	87,259
70/101	647,276	87,259
75/106	647,276	87,259
79/110	647,276	87,259

What does the last column represent?

1. The Total Distribution Cost To-date is the sum of each year's expected distribution-related costs, without interest. Such costs include cash payments in the form of commission, costs of benefits and services paid to the distribution channel.
2. Please note that the Total Distribution Cost is not an additional cost to you; it has already been allowed for in calculating your premium.
3. You can obtain the Total Distribution Cost of each of the supplementary benefits (if applicable) from your representative of either Prudential Singapore or a distributor duly appointed by Prudential Singapore.

PRODUCT SUMMARY: PRULife Vantage Achiever Prime II (USD)

This Product Summary and Policy Illustration are for illustrative purposes only and shall not constitute a contract. The following is a simplified description of the key product features. The exact terms can be found in the policy document.

Your Guide to Participating Policies, which contains generic but important information on how a participating plan typically works and how bonuses are determined in general, is available on our website, www.prudential.com.sg. Alternatively, you may approach a representative of either Prudential Singapore or a distributor duly appointed by Prudential Singapore for a copy of the guide.

Details of Plan Provider:

Prudential Assurance Company Singapore (Pte) Limited ("Prudential Singapore"), 30 Cecil Street, #30-01 Prudential Tower, Singapore 049712. Tel: 1800 – 333 0 333.

Prudential Singapore is responsible for the product features and contractual provisions and these will be explained to you by a representative of either Prudential Singapore or a distributor duly appointed by Prudential Singapore.

This policy and its Supplementary Benefit(s) (if any) is/are protected under the Policy Owners' Protection Scheme which is administered by the Singapore Deposit Insurance Corporation (SDIC). Coverage for your policy and its Supplementary Benefit(s) (if any) is/are automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact your insurer or visit the General Insurance Association (GIA) /Life Insurance Association (LIA) or SDIC websites (www.gia.org.sg or www.lia.org.sg or www.sdic.org.sg).

The Proposer acknowledges receipt of all the pages of the Product Summary for the Main plan and Supplementary Benefits (where applicable). The contents have been explained to his/her satisfaction.

Nature and Objective of the Plan:

PRULife Vantage Achiever Prime II (USD) is a single premium whole life participating life insurance plan denominated in US dollars. It provides financial protection against death and terminal illness (if applicable) for whole of life. This plan has a Multiplier Benefit for death and terminal illness before the life assured attains age 85 or 100 years (Multiplier Benefit expiry age). The plan also allows policyowner to participate in the performance of the participating fund in the form of bonuses that are not guaranteed.

PRULife Vantage Achiever Prime II (USD) is a 8th Series product. The series defines the premium rates and bonus features of the product.

**What do we pay for Death Benefit?**

If the life assured dies before the Multiplier Benefit expiry age, we pay the higher of:

- the sum assured for Death Benefit and all bonuses* that we have added to the policy in one lump sum; or
 - the Multiplier Benefit**,
- less any amounts owing to us.

If the life assured dies at or after the Multiplier Benefit expiry age, we pay the sum assured for Death Benefit and all the bonuses* that we have added to the policy in one lump sum, less any amounts owing to us.

If a claim has been made under the Accelerated Terminal Illness or Accelerated Disability Benefit (if any), the sum assured of the Death Benefit will be reduced by the sum assured of the Accelerated Terminal Illness or Accelerated Disability Benefit that was paid out and we pay the reduced Death Benefit sum assured (if any), less any amounts owing to us.

The policy will end once Death Benefit is paid.

** The bonuses stated above are not guaranteed.*

*** The Multiplier Benefit for Death Benefit is the relevant percentage of the sum assured for Death Benefit shown on the certificate of life assurance. The relevant percentage is dependent on the age of the life assured and Multiplier Benefit expiry age at the cover start date of the policy. Please see the policy document for details.*

The Multiplier Benefit is written out of the non-participating fund and does not affect the experience of the participating fund.

What is not covered for Death Benefit:

If the life assured dies directly or indirectly from an activity under special exclusion and/or special terms and conditions shown on the certificate of life assurance, we do not pay the sum assured but we will either:

- refund the premium received less any policy loans (including interest) and all other outstanding amounts owing to us in connection with the policy and expenses (including administrative, sales related and medical expenses) we have had to pay for the policy; or
 - pay the surrender value (if any),
- whichever is higher.

If the life assured dies from suicide within 12 months from the cover start date or date of reinstatement (if any) of the policy, we will make the policy void. In this case, we cancel it and refund the total premiums received less any policy loans (including interests) and all other outstanding amounts owing to us in connection with the policy and expenses (including administrative, sales related and medical expenses) we have had to pay for the policy.

If there is a change of life assured, and the new life assured dies from suicide within 12 months from the new cover start date or date of reinstatement (if any) of your policy or from an activity under special exclusion or special terms and conditions, the refund of premiums will be based on total premiums received on the original life assured. We will first deduct any amounts you owe us in connection with your policy.

**What do we pay for Accelerated Terminal Illness Benefit?**

If the life assured is diagnosed as having a terminal illness before Multiplier Benefit expiry age, we pay the higher of:

- the sum assured for Accelerated Terminal Illness Benefit plus bonuses* that we have added to the policy in one lump sum; or
 - the Multiplier Benefit[^],
- less any amounts owing to us.

If the life assured is diagnosed as having a terminal illness at or after the Multiplier Benefit expiry age, we pay the sum assured for the Accelerated Terminal Illness Benefit and all the bonuses* that we have added to your policy in one lump sum, less any amounts owing to us.

If a claim has been made under the Accelerated Disability Benefit (if any), the sum assured of the Accelerated Terminal Illness will be reduced by the sum assured of the Accelerated Disability Benefit that was paid out and we pay the reduced Accelerated Terminal Illness Benefit sum assured (if any), less any amounts owing to us.

If a Death Benefit claim payout is made, the Accelerated Terminal Illness Benefit terminates and no benefit will be payable.

Upon the payout of Terminal Illness Benefit, this benefit terminates.

** The bonuses stated above are not guaranteed.*

[^] The Multiplier Benefit for Accelerated Terminal Illness Benefit is the relevant percentage of the sum assured for Accelerated Terminal Illness Benefit shown on the certificate of life assurance. The relevant percentage is dependent on the age of the life assured and Multiplier Benefit expiry age at the cover start date of the policy. Please see the policy document for details.

The Multiplier Benefit is written out of the non-participating fund and does not affect the experience of the participating fund.

Terminal illness means "any condition caused by illness or injury, where at the time of claim, despite all reasonable medical treatment, the Life Assured is expected to live for no more than 12 months."

The specialist medical practitioner treating the condition must provide supporting evidence of the condition, possible medical treatment, the prognosis after undergoing the possible medical treatment, and certify that the Life Assured is expected to live for no more than 12 months despite all possible medical intervention. We reserve the right to appoint an independent medical specialist who is an expert in the condition to confirm the diagnosis and prognosis.

Terminal Illness in the presence of HIV infection is excluded.

We can ask for a medical examination to be carried out by a medical practitioner registered with the Singapore Medical Council if we decide the medical reports given to us are not enough for our purposes.

What is not covered for Accelerated Terminal Illness Benefit:

We do not pay in any of the following circumstances:

- if the life assured has already died at the time of the claim. We will pay the Death Benefit instead;
- the symptoms of the terminal illness existed at the cover start date or date of reinstatement (if any) of this benefit; or
- the life assured is diagnosed as having a terminal illness caused by:
 - self-inflicted injuries while sane or insane;
 - Acquired Immunodeficiency Syndrome ("**AIDS**"), AIDS-related complex or infection by Human Immunodeficiency Virus ("**HIV**") except as a result of HIV Due to Blood Transfusion and Occupationally Acquired HIV as defined below;
 - using unprescribed drugs if the drugs are required by law to be prescribed by a registered medical practitioner; or
 - an activity under special exclusion and/or special terms and conditions shown on your certificate of life assurance.

What is Surrender Benefit?

This plan acquires an immediate surrender value after the single premium has been paid. The guaranteed and non-guaranteed surrender value will be payable upon surrender of the policy.

What is the impact of early surrender?

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. Please refer to the Table of Deductions in the Policy Illustration for more information and to understand the loss or low returns on surrendering the policy early.

Option to change the life assured

You can choose to change the life assured to another life assured only after two years from the cover start date of the policy.

- 1) For an individual policy, you are allowed to change the life assured only once throughout the policy term; or
- 2) For a policy owned by a business organisation, you can choose to change the life assured anytime throughout the policy term as long as it is two years after the cover start date of the policy.

This change is allowed only if:

- you or the business organisation has insurable interest on the new life assured and meets with the terms and conditions that apply; and
- the new life assured meets our underwriting requirements
- the date of birth of the new life assured is not later than the original cover start date of the policy

You cannot change the life assured if we have paid an Accelerated Terminal Illness Benefit or Accelerated Disability Benefit (if any) claim previously under the policy.

In accepting the new life assured, we may offer an additional sum assured for Death and Terminal Illness or impose a one-time additional charges depending on certain factors. These factors can include age and the health status of the new life assured.

The additional sum assured (if it applies) will be decided by us and will not affect the Multiplier Death Benefit, Multiplier Terminal Illness Benefit and bonuses. It pays a death or Terminal Illness Benefit as long as the policy has not ended. This benefit will terminate upon payout or when there is another change of life assured (where it applies).

The additional charges (if it applies) is not a top-up to the policy and does not affect the surrender value of the policy.

When the change in life assured becomes effective,

- you will receive a revised certificate of life assurance with the new life assured's particulars.
- the cover for the original life assured ends and the cover for the new life assured starts on the new cover start date as shown in the revised certificate of life assurance. All rights under the original life assured ends with immediate effect.
- the Accelerated Disability Benefit (if any) automatically ends.
- the Multiplier Benefit continues until the original life assured's Multiplier Benefit expiry age (in other words, the original cover end date, if it has not ended). The relevant percentage is based on the age of the original life assured and Multiplier Benefit expiry age at the cover start date of the policy.

To apply to change the life assured, you must use our appropriate application form and meet the conditions on it.

Quit Smoking Benefit

If you have stopped smoking for at least 1 or 2 years (as decided by us) within the first thirty-six months of the cover start date of the policy, you can apply to review your smoking status. Your application needs to be received by us between Month 37 and 42 of the cover start date of the policy. If the review is successful, we will refund 8% of the single premium amount to you or your bank (for policies that are assigned to the bank under premium financing).

To apply, you must use our appropriate application form and meet the conditions on it. We will let you know if we accept your application. You need to provide us with a nicotine test conducted by a registered medical practitioner from one of our panel clinics. You must pay any and all costs involved in obtaining the test and test results.

What other feature is available under PRULife Vantage Achiever Prime II (USD)?

- Policy Loan is available. Please note that taking these loans will reduce the long-term value of the policy and a non-guaranteed loan interest will be charged.

Please refer to the policy document for the exact terms and conditions of these additional benefits.

Bonuses:

What type of bonuses?

The benefits under this plan are made up of guaranteed and non-guaranteed benefits. The guaranteed benefits, including bonuses which have already been allocated to the participating policyowners, will be paid regardless of the performance of the participating fund. Non-guaranteed benefits are in the form of bonuses. There are two main types of bonus, Reversionary Bonus and Performance Bonus. These bonuses stated below are NOT guaranteed and will vary according to the future experience of the participating fund. The bonus rates in this section are based on the illustrated Investment Rate of Return of the Participating Fund at 4.75% per annum. Please note that the actual bonuses that may be declared in the future may turn out to be higher or lower than illustrated in this section.

In comparison, at an illustrated Investment Rate of Return of 3.25% per annum, the non-guaranteed benefits are expected to be adjusted downwards depending on the future outlook of the Participating Fund.

Please refer to the policy illustration for the non-guaranteed benefits amount at the illustrated Investment Rate of Return of 3.25% per annum and 4.75% per annum respectively. The two rates are used purely for illustrative purposes and do not represent upper and lower limits of the investment performance of the Participating Fund.

Reversionary Bonus:

This is a yearly bonus that we add to the policy benefits from the start of the next calendar year following the cover start date of the policy. Once declared, it will form part of the guaranteed benefits of the plan.

The Reversionary Bonus rate is illustrated to be US\$5.00 per US\$1,000 sum assured and US\$7.50 per US\$1,000 on accumulated Reversionary Bonuses.

Performance Bonus:

This is a one-off bonus which is a percentage of the accumulated Reversionary Bonuses. It may be paid when the policyowner surrenders the policy or makes a claim for any of the basic benefits of the policy. The amount will vary depending on the end date of your policy. The illustrated Performance Bonus rates as a percentage of the accumulated Reversionary Bonuses are as follows:

No. of completed years in force	Performance Bonus as a percentage of Accumulated Reversionary Bonus	No. of completed years in force	Performance Bonus as a percentage of Accumulated Reversionary Bonus

54	732.0%	109	939.0%
55	732.0%	110	939.0%

Future bonuses which have yet to be allocated to the policy are not guaranteed and the insurer will decide the level of bonus to be declared each year as approved by the Board of Directors, taking into account the written recommendation by the Appointed Actuary.

How are the assets invested and managed?

Prudential Singapore's participating fund consists of both single and regular premium policies segregated into a few sub-funds. Each sub-fund's investments are managed separately to match its liability characteristics. This product is written in the Par Single Premium Long Term USD Sub-fund ("SPLTUF"). In the document below, the term "fund" will be referring to the SPLTUF unless stated otherwise.

Investment Objective

The investment objective is to maximise the long-term returns of the fund through investments consistent with policyowners' reasonable expectations, while meeting internal and regulatory solvency requirements. To achieve this, we set a Strategic Asset Allocation ("SAA") for the fund.

Investment Mix

Asset Type	Strategic Asset Allocation	Asset Allocation as at 31 Dec 2024
Bonds	75.0%	84.6%
Equities	15.0%	14.5%
Property	10.0%	0.0%
Other Assets ¹	0.0%	0.9%
Total Assets	100.0%	100.0%

¹ Other Assets include cash and policy loans

SAA is the fund's long-term neutral asset allocation to meet the investment objective of the fund as set out above. Fund managers are allowed to deviate from the SAA, but within a mandated limit to take views on the current market conditions.

Investment Rate of Return

For the SPLTUF, the past investment rates of return (after deducting investment expenses only) are shown in the table below.

	2022	2023	2024	Average of last 3 years	Average of last 5 years	Average of last 10 years
Investment Returns	-18.24%	7.62%	0.66%	-3.96%	-0.54%	2.42%

Please note that past performance may not be indicative of future performance.

Total Expense Ratio

The Total Expense Ratio is the proportion of total expenses incurred by the Participating Fund to the assets of the Participating Fund. These expenses include costs such as investment, management, distribution, taxation and other expenses.

An expected level of expenses to be incurred by the Participating Fund has been allowed for in the premiums payable for your policy and is not an additional cost to you. If the actual level of expenses varies significantly from the expected level of expenses, it may affect the non-guaranteed benefits you may receive.

For our Participating Fund, the past Total Expense Ratios are shown in the table below.

	2022	2023	2024	Average of last 3 years	Average of last 5 years	Average of last 10 years
Total Expense Ratio	2.65%	2.03%	1.64%	2.08%	2.27%	2.53%

Please note that past expense ratio may not be indicative of actual expenses that may be incurred in the future.

Fund Manager

All investment related to this fund is carried out through Eastspring Investments (Singapore) Limited ("Eastspring Singapore"). Eastspring Singapore may also engage other Prudential plc related companies as sub-fund managers.

Eastspring Singapore address: Eastspring Investments (Singapore) Limited, 10 Marina Boulevard #32-01 Marina Bay Financial Centre Tower 2 Singapore 018983.

What are the risks that affect the bonuses that you will be getting?

The level of bonuses depends on the actual experience of key factors affecting the performance of the fund. In determining the level of bonuses, we also considered the future outlook of these key factors. These key factors are:

- Investment performance and future investment outlook of the fund;
- Claims experience, with respect to death ("mortality") and Terminal Illness ("TI") experience of the fund;
- Discontinuance ("surrender") experience of the fund;
- Level of expenses incurred by or allocated to the fund.

There may be other factors that could affect the bonus levels, for example, changes in taxation and legislation.

How are the risks shared?

Your policy is exposed to investment, mortality, lapse and expense risks, which are shared within the SPLTUF, i.e. with other plans. In determining the level of bonuses that can be supported, the assets available to back the plan will be derived by accumulating the premiums paid at the actual rate of investment return less the cost of insurance, expenses incurred, commissions paid, taxes and other costs that may be incurred in managing the fund.

How are bonuses smoothed over time?

As investment performance fluctuates over time, bonuses are smoothed to ensure a stable medium to long term returns on your policy. As a result, some of the investment returns in good years may not be distributed immediately so as to boost returns in years where the investment return is low. However, the effect of smoothing is intended to be neutral over time.

Reversionary Bonus

Prudential Singapore's bonus distribution policy is to keep the Reversionary Bonus at a level that is expected to be sustainable over the long term. Thus, while the Reversionary Bonus is usually reviewed annually, it is not expected to fluctuate from year to year. Nevertheless, it may be adjusted up or down under exceptional circumstances.

For the financial year 2023 to 2024, the Reversionary Bonus declared was US\$5.00 per \$1,000 Sum Assured and at US\$7.50 per \$1,000 on accumulated Reversionary Bonus respectively.

Performance Bonus

The Performance Bonus is reviewed at least annually. In exceptional circumstances, the review may be more frequent. The Performance Bonus is more likely to change from year to year but Prudential Singapore's policy is to limit the yearly variation so that, under normal circumstances, the payout will not be subject to large fluctuations over the short term.

Performance Bonus rates declared for the past years are as below. Performance Bonus as a percentage of accumulated Reversionary Bonuses:

No. of completed years in force	Year of Declaration	
	2023	2024
0	-	-
1	20%	20%
2	-	40%

What are the fees and charges imposed on this plan?

This plan shares in the experience of the fund. This means that any expenses incurred by the fund can be charged to the policy according to the risk-sharing rules described earlier.

Examples of such expenses include:

- Investment fees paid to fund managers for providing management services
- Mortality (death), Terminal Illness, lapse and surrender claims
- Marketing and other distribution-related costs
- Administration fees incurred in underwriting of new business

- Management and Overhead Expenses
- Commission fees paid to Prudential Financial Consultants or intermediaries

All expenses, including commissions, are shared and charged to the assets backing the policy according to the risk-sharing rules described earlier.

Please refer to the Total Distribution Cost Table in the Policy Illustration for more information.

Please note that the charges described in this section will not be in the form of explicit fees or charges to you; it has already been allowed for in calculating your premium.

How will I be updated on the performance of my plan?

An Annual Bonus Update will be sent to you annually. This document aims to keep you informed of the performance of the fund, and its future outlook, the bonuses allocated to your policy for that year and any changes in future bonuses. Whenever there is a change in the bonus rates, you will also receive an update from Prudential Singapore. You may expect to receive the Annual Bonus Update after April each year.

Please contact your representative of either Prudential Singapore or a distributor duly appointed by Prudential Singapore at any time if you wish to receive an updated full policy illustration showing the illustrations of future bonuses based on Prudential Singapore's best estimate of the future performance of the participating fund.

Conflict of Interest:

Potential conflicts of interest arise in the allocation of expenses between the participating and other insurance funds. Over-allocation of expenses to the participating fund is detrimental to policyowners of participating policies. As such, Prudential Singapore strives to achieve a fair allocation substantiated by regular expense investigations.

Related Party Transactions:

The fund manager managing the entire assets of the fund is a related party to Prudential Singapore. The size of SPLTUF under management by Eastspring Singapore is S\$993 million as at 31 Dec 2024.

The Investment Committee ("IC") of Prudential Singapore has oversight responsibility for the activities of the fund managers to ensure that the transactions are carried out at arm's length. It is responsible for setting the mandates for day-to-day fund operation. The Asset and Liability Management Committee ("ALCO") of Prudential Singapore is responsible for the setting of the SAA and monitoring asset and liability matching.

The IC will also periodically review the investment fees charged by the fund managers and advise Prudential Singapore accordingly. The Board of Directors ("Board") appoints the membership of the IC and ALCO. The Board will be responsible for reviewing and approving the IC and ALCO Constitution or Terms of Reference.

Premiums:

The single premium is payable before the cover start date of the policy.

Select additional benefit according to your need(s):

With additional premiums, you may add supplementary benefits to this insurance plan for extra protection.

All Supplementary Benefits are subject to product terms and conditions. Please consult a representative of either Prudential Singapore or a distributor duly appointed by Prudential Singapore for more information.

Exclusions:

There are certain conditions (such as death from suicide within 12 months from cover start date, or death from an activity under special exclusions or special terms and conditions (if any)) under which no benefits will be payable.

You are advised to read the policy document for the full details of these exclusions.

Note:

Life Insurance is a contract of utmost good faith and a proposer is required to disclose in proposal form fully and faithfully all the facts, which he knows or ought to know, as otherwise the policy issued may be void.

The terms and conditions of your policy are contained in the policy document.

All premiums and benefits are payable in U.S. Dollars. We will not pay for any loss or changes, because of any transaction involving currency conversions.

Free Look Period:

After purchasing a life insurance policy, you have a 14-day free-look period - starting from the day you receive your policy documents to review the documents carefully. During this time, if you choose to cancel your policy, we will refund you the premiums you have paid (without interest), less any medical fees and other expenses, such as payments for medical check-ups and medical reports, incurred by us.

If we make your policy document and all other documents from us available electronically via PRUaccess, we consider they have been delivered and received when you receive the relevant SMS or email telling you that the documents are accessible on PRUaccess.

Otherwise, we consider your policy and all other documents from us as delivered and received seven days from the date of posting to the last-known address you gave us.

If you decide this policy is not suitable for your needs, simply write to us within the 14-day free-look period.
